Directors' Review

The Directors present the performance of Pakistan Tobacco Company Limited (PTC) for the first half of 2012. Despite numerous challenges in the shape of declining cigarette industry (down 7.4% vs. SPLY), growing illicit sector, high government levies, falling disposable incomes, power crisis and rising inflation, PTC has managed to increase market share and grow sales volume during first half of 2012.

Key financial indicators of PTC for the period under review are:

	(Rs in million)		
	Jan-Jun, 2012	Jan-Jun, 2011	Change
Gross Turnover	38,563	33,838	+ 13.96%
Net Turnover	13,220	11,292	+ 17.08%
Cost of Sales	9,266	8,421	+ 10.03%
Gross Profit	3,954	2,871	+37.72%
Operating Profit	699	909	-23.05%
Profit before Tax - PBT	709	879	-19.37%
Profit after Tax - PAT	461	578	-20.21%
Earnings per Share - EPS (Rs)	1.81	2.26	-20.21%

In order to further strengthen our brands and support volume and share growth, PTC invested in various marketing initiatives including pack change for Capstan by Pall Mall Original (CbPMO) and Gold Flake, our major volume contributors. CbPMO continues to be our key growth driver achieving 17.2% market share during Jan-Jun 2012 while initiatives on Gold Flake have helped sustain its volume base. Furthermore, we continue to build consumer loyalty behind our premium offering by investing in Dunhill which resulted in the brand posting positive growth in shipment volumes vs. SPLY with a corresponding increase in its market share. Growth in sales volume and market share coupled with excise led price increase resulted in increased turnover for PTC with 17.08% growth in Net Turnover vs. SPLY.

Focusing on long-term growth and sustainability of its volumes, PTC invested heavily in its marketing initiatives during the first half of 2012. These marketing initiatives, though continuing to provide tangible volume and share growth results, have pushed our selling and administration expenses up by 42% vs. SPLY. Furthermore, our continued focus on modernization and productivity enhancement together with Government's decision to ban below 20's pack has resulted in machinery footprint modification and workforce rationalization. PTC offered a Voluntary Separation Scheme to the factory workforce with generous packages to ensure that we part with our members in a humane way, resulting in once-off costs related to headcount rationalization. Higher selling and administration expenses and workforce rationalization costs have decreased our operating profit by 23% vs. SPLY.

Our cost of sales has increased by 10.0% vs. SPLY driven mainly by increase in sales volume. We have absorbed inflationary effects on cost of sales through a number of cost saving and productivity improvement initiatives leading to enhanced gross profit: up by 37.72% vs SPLY.

PTC's contribution to the National Exchequer, comprising of Federal Excise Duty, Sales Tax, Custom Duty and Income Tax stood at Rs. 25.9 bn up 11.6% vs. SPLY. This increase is primarily attributed to higher sales volume and excise led price increase.

PTC is committed to contribute positively towards the society at large through investments in Corporate Social Responsibility initiatives. These initiatives include our flagship Afforestation Program and Mobile Dispensary Units, which were recognized through the award of 6th Corporate Social Responsibility National Excellence Award to PTC.

The growing scale of illicit trade and its rise in recent years continues to be a threat to the national exchequer. Illicit sector, if unchecked, will not only hamper government revenue growth but also jeopardize the viability of legitimate tobacco sector. We therefore, urge the Government to take necessary steps to ensure strict enforcement of the existing anti-illicit trade laws and curb this menace.

We continue to foresee numerous challenges such as continuing power crisis, rising inflation, volatile security situation, growing illicit trade, declining legitimate market and reducing disposable incomes. However, PTC focuses on enhancing shareholder value over the long-term through investments in sustainable growth and productivity initiatives while managing our competitive advantage, ensuring cost and business process controls.

Auditor's Report to the Members on Review of Interim Financial Information

Introduction

We have reviewed the accompanying condensed interim balance sheet of Pakistan Tobacco Company Limited as at June 30, 2012 and the related condensed interim profit and loss account, condensed interim statement of comprehensive income, condensed interim cash flow statement, condensed interim statement of changes in equity and notes to the interim financial information for the six months period then ended (here-in-after referred to as the "interim financial information"). Management is responsible for the preparation and presentation of this interim financial information in accordance with approved accounting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on this interim financial information based on our review. The figures of the condensed interim profit and loss account and condensed interim statement of comprehensive income for quarters ended June 30, 2012 and 2011 have not been reviewed, as we are required to review only the cumulative figures for the six months period ended June 30, 2012.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial information as of and for the six months period ended June 30, 2012 is not prepared, in all material respects, in accordance with approved accounting standards as applicable in Pakistan for interim financial reporting.
