Directors' Review

The Directors present their performance report of Pakistan Tobacco Company Limited (PTC) for the half year ended June 30, 2019.

The legitimate tobacco industry continues to face challenge from the large duty not paid sector which has grown share by 50 basis points in 2019, currently at 32.96% of the total tobacco market (May 2019 – Retail Audit). Apart from weak enforcement against duty not paid sector, the growth is fuelled by three excise led price increases in the last 12 months by the legitimate industry. During the last fiscal year, excise rate on lower tier has more than doubled (106.3% increase, from Rs. 800 to Rs. 1,650 per thousand sticks). With the recent excise increase announced in the Federal Budget 2019/20, the excise rate increased by 32% and the legitimate industry took an excise led price increase with PTC brands now selling at Rs. 78 per pack. This has significantly increased the margin for duty not paid brands which are still selling at an average of Rs. 26 per pack leading to consumers switching to illicit brands. As a result, the loss of Government Revenues from duty not paid sector which is currently estimated at Rs. 50bn is expected to further increase by the end of year.

Despite challenges from duty not paid sector, PTC remains the biggest revenue contributor to national exchequer and for the first time crossed Rs. 100bn mark with Rs. 103.5 bn paid during FY 18/19 (32% increase vs last year) standing at greater than 80% share of overall industry revenue. During the first six months of 2019, the Company contributed a total of Rs 55.4 billion (up by 35.6% vs H1'18) in tax revenues in the form of Federal Excise Duty, Sales Tax and Income Tax.

In order to maintain growth in revenues from Tobacco industry, Government needs to have a sharper focus on enforcement and curtailing the growth of duty not paid sector. The Inland Revenue Enforcement Network needs to be revived with a dedicated task force to counter the growth of duty not paid cigarette brands. Furthermore, adjustable advance excise duty of Rs. 300/kg on processed tobacco announced in Interim Supplementary Finance Bill in October 2018 was designed to document the purchase and processing of tobacco for cigarette manufacturers should have helped in reducing the duty not paid sector by increasing their cost of doing business. The recent decision to reduce this adjustable advance excise duty to Rs. 10/kg may therefore increase the share of duty not paid sector and reduce government revenues. In addition to this, the Board raised its concerns that if no strict enforcement is carried out against tax evasion in the tobacco industry, it will not only adversely impact the legitimate players but would also significantly increase the loss of revenues to the Government in the second half of 2019.

Key financial indicators of PTC for the period ended June 30, 2019 are given below:

	Rs (million)	
	Jan - Jun, 2019	Jan - Jun, 2018
Gross Turnover	80,270	63,778
Net Turnover	27,998	26,269
Cost of Sales	13,458	13,054
Gross Profit	14,539	13,216
Operating Profit	9,615	9,370
Profit Before Tax – PBT	10,153	9,685
Profit After Tax – PAT	7,053	6,345
Earnings Per Share – EPS (Rs)	27.61	24.83

Gross Turnover increased by 26% vs Same Period Last Year (SPLY) owing to the excise led price increase taken in September 2018. With the new government under continuous pressure to manage the soaring budget deficits and inflation, there has been a strong expectation from the start of the year of excise rate increases for tobacco sector in the federal budget. Due to this, the shipment volumes in H1 were higher by 7% vs SPLY on back of speculative buying, contributing to growth in Gross Turnover. Net Turnover however increased by only 6% due to increase in Federal Excise Duty Rates vs. Jan-Jun 2018.

The cost of sales increased in absolute terms vs SPLY primarily due to volume increase and cost pressures stemming from rapid devaluation of the Pakistani Rupee, higher local inflation along with increases in import and regulatory duties. Since the start of 2019, the economy has witnessed multiple rounds of currency devaluation with the Rupee having devalued by approximately 15% which adversely impacted the Company's cost base. We foresee a continuing pressure on the cost base with further Rupee devaluation and its corresponding effect on domestic inflation. Hence, PTC aims to remain committed to cost saving initiatives through smart ordering of materials, increasing operating efficiencies and by achieving world class standards of equipment efficiencies within BAT Operating Companies.

PTC continues to remain focused on strengthening its brand portfolio through marketing campaigns across its brand spectrum. In the premium segment, upgraded pack design was brought in for John Player Gold Leaf Special along with introduction of Reloc feature. In the Aspirational Premium segment, John Player is progressing well on establishing its mark with continued efforts by the Company on brand activation. In the Value for Money segment, Gold Flake is given a new refined look, upgrading its pack imagery to a more modern, international and dynamic brand with a seal of Rothmans by London.

The Company continued with its Corporate Social Investments agenda in 2019 by supporting several initiatives including its flagship afforestation program, mobile doctor units and water filtration plants. PTC's partnership with "Teach for Pakistan" (a non-profit company) entered its second year in 2019, working hand in hand to build future leaders of Pakistan. Furthermore, the Company and its employees made a contribution of Rs 5 Mn to Diamir-Bhasha Dam Fund in 2019. PTC also made a commitment of Rs. 20mn for Panah Gah, Prime Minister's Shelter Home Fund.

The Company remains committed to drive shareholder value by strengthening its business operations and delivering the best product to its consumers, with continued focus on enhancing operational efficiencies and effectiveness in the market.

ڈائریکٹرز نے 30 جون 2019 کو نصف سال ختم ہونے والی مدت کے حوالے سے پاکستان ٹوبیکو کمپنی لمیٹڈ (PTC) کی کارکردگی رپورٹ پیش کی۔

باضابطہ و قانونی تمباکو صنعت کو ڈیوٹی ادا نہ کرنے والے بہترے شعبہ کی بنا پر مسلسل چیلنجوں کا سامنا ہے جو 2019 میں بنیادی امور کے لحاظ سے 50 فیصد تک بڑھ چکا ہے اور جو فی الوقت کل مارکیٹ کا 32.6 فیصد ہے۔ (مئی 2019، پرچون آؤٹ) ڈیوٹی ادا نہ کرنے والے سیکٹر (شعبہ) کے خلاف ناکافی کاروائی کے علاوہ گزشتہ 12 ماہ میں باضابطہ و قانونی صنعت کو تین بار ایکسائز ڈیوٹی بڑھنے کی وجہ سے اس کی جانب سے بڑھائی جانے والی قیمتوں کی وجہ سے بھی مشکلات کا سامنا ہے۔ پچھلے مالی سال کے دوران نچلے درجہ پر ایکسائز ڈیوٹی دگنے سے بھی زیادہ بڑھادی گئی ہے (106.3 فیصد اضافہ، ہزار روپے فی سبک پر ایکسائز ڈیوٹی 850 سے بڑھا کر 1650 روپے کر دی گئی ہے)۔ وفاقی بجٹ 20-2019 میں اعلان کیے گئے اضافہ سے، ایکسائز ڈیوٹی کی شرح میں 32 فیصد تک اضافہ ہو گیا ہے اور باضابطہ و قانونی صنعت نے ایکسائز کی وجہ سے قیمتوں میں اضافہ کر دیا۔ اپ پی ٹی سی کے نچلے درجے کے برانڈ 78 روپے فی بیک پیچہ جارہے ہیں۔ اس سے ڈیوٹی ادا نہ کرنے والے برانڈز کو موقع مل گیا ہے جو اب بھی 26 روپے فی بیک پیچہ جارہے ہیں جس کے نتیجے میں گاہکوں کا رجحان ان غیر قانونی برانڈز کی طرف ہو گیا ہے۔ اس کے نتیجے میں ڈیوٹی ادا نہ کرنے والے سیکٹر کی طرف سے سرکاری محصولات کو نقصان پہنچ رہا ہے جو فی الوقت تقریباً 50 ارب روپے ہے اور توقع ہے کہ سال کے اختتام پر اس میں مزید اضافہ ہو جائے گا۔

ڈیوٹی ادا نہ کرنے والے سیکٹر کی طرف سے چیلنجوں کے باوجود پی ٹی سی (PTC) سرکاری خزانہ کو سب سے زیادہ محصولات (Revenue) ادا کرنے کی خدمات سرانجام دے رہی ہے اور مالیاتی سال 19-2018 میں 103.5 ارب روپے ادا کر کے پہلی بار 100 ارب روپے کی حد عبور کر گئی ہے (اس میں پچھلے سال کے مقابلے میں 32 فیصد اضافہ ہوا ہے) جو صنعت کے مجموعی حصے سے 80 فیصد زیادہ ہے۔ 2019 کے پہلے 6 ماہ کے دوران کمپنی نے فیڈرل ایکسائز ڈیوٹی، سبز ٹیکس اور انکم ٹیکس کی مد میں ٹیکس ریونیو (محصولات) میں کل 55.4 ملین روپے کا اپنا حصہ ڈالا ہے جو 18، HI کے مقابلے میں 35.6 فیصد زیادہ ہے۔

تمباکو کی صنعت سے ریونیو لینے میں اضافہ کو برقرار رکھنے کے لیے حکومت کو ڈیوٹی ادا نہ کرنے والے شعبے کے خلاف کارروائی تیز کرے اور اسے اس غیر قانونی عمل سے روکنے پر توجہ مرکوز رکھنی ہوگی۔ ڈیوٹی ادا نہ کرنے والے سگریٹ برانڈز میں ہونے والے اضافے کو روکنے کے لیے ایک محنتی اور مخلص ٹاسک فورس کے ساتھ ان لینڈ ریونیو انفورسمنٹ نیٹ ورک کو بحال کرنے کی ضرورت ہے۔ مزید برآں سگریٹ تیار کرنے والوں کی جانب سے تمباکو خرید اور پراسسنگ کی دستاویز کاری کرنے کے مقاصد کے لیے اکتوبر 2018 کے عبوری ضمنی فنانس بل میں پراسسنگ کردہ تمباکو کو اعلان کردہ 300 روپے / فی کلو گرام قابل تسویہ ٹیکس ایکسائز ڈیوٹی کی بنا پر ان کے کاروبار کرنے کی لاگت میں اضافہ ہونے کی وجہ سے ڈیوٹی ادا نہ کرنے والے شعبہ میں کمی کرنے میں مدد ملنی چاہیے (یعنی اس سے یقیناً مدد ملے گی)۔ اس پیشگی قابل تسویہ ڈیوٹی میں دس روپے فی کلو گرام کمی کرنے کے حالیہ فیصلے سے ڈیوٹی ادا نہ کرنے والے شعبہ کے حصہ میں اضافہ ہو گا اور حکومت کے ریونیو میں کمی ہوگی۔ علاوہ ازیں بورڈ نے اس پر اپنی توثیق کا اظہار کیا ہے کہ اگر تمباکو کی صنعت میں ٹیکس سے گریز کے خلاف سخت کارروائی نہ کی گئی تو اس سے نہ صرف باضابطہ و قانونی کردار ادا کرنے والوں پر بڑا اثر پڑے گا بلکہ 2019 کے دوسرے نصف حصہ میں حکومت کے ریونیو کو بھی بہت زیادہ نقصان پہنچے گا۔

30 جون 2019 کو ختم ہونے والی مدت کے لیے PTC کے بنیادی معاشی اشارات مندرجہ ذیل ہیں:-

روپے (ملین)		
	جنوری سے جون، 2019	جنوری سے جون، 2018
کل وصولیات	80,270	63,778
(Gross Turnover)		
خالص وصولیات	27,998	26,269
(Net Turnover)		
لاگت برائے فروخت	13,458	13,054
(Cost of Sales)		
مجموعی منافع	14,539	13,216
(Gross Profit)		
کاروباری منافع	9,615	9,370
(Operating Profit)		
قبل از ٹیکس منافع	10,153	9,685
(Profit Before Tax – PBT)		
بعد از ٹیکس منافع	7,053	6,345
(Profit After Tax – PAT)		
آمدنی فی شخص (روپے)	27.61	24.83
Earnings Per Share – EPS (Rs)		

ستمبر 2018 میں ایکسائز کی وجہ سے قیمتوں میں ہونے والے اضافے کے باعث گزشتہ سال (SPLY) کے مقابلے میں مجموعی منافع میں 26 فیصد اضافہ ہوا۔ نئی حکومت کے بجٹ خسارے اور افراط زر پر قابو پانے کے مسلسل دباؤ کے تحت اس بات کا قومی امکان ہے کہ وفاقی بجٹ میں تنہا کو کے شعبے کے لیے سال کے آغاز پر ایکسائز کی شرح میں اضافہ ہو جائے گا۔ ان حالات کی وجہ سے گزشتہ سال کی نسبت اس سال پنشنٹ کے حجم میں 7 فیصد تک اضافہ ہو جائے گا جبکہ ممکنہ خریداری سے مجموعی منافع کے نمونے میں اضافہ ہو گا۔ تاہم خالص منافع میں اضافہ فیڈرل ایکسائز ڈیوٹی کی شرحوں میں ہونے والے اضافے کے باعث جنوری۔ جون 2018 کے مقابلے میں صرف 6 فیصد ہوا۔

سیلز کی لاگت میں گزشتہ سال کے مقابلے میں حجم میں اضافہ اور لاگت کے دباؤ کے ساتھ ساتھ پاکستانی روپے کی قدر میں تیزی میں ہونے والی کمی، افراط زر میں اضافہ اور درآمدات اور ریگولیٹری ڈیوٹیز میں اضافہ کے باعث بہت اضافہ ہو گیا۔ جب سے سال 2019 کا آغاز ہوا ہے، ملکی کرنسی کی قدر میں کمی کے کئی اتار چڑھاؤ آئے اور روپے کی قدر میں فیصد تک 15 کی واقع ہو چکی ہے جس کا کمپنی کی قیمت فروخت پر منفی اثر مرتب ہوا ہے۔ ہم مستقبل میں بھی روپے کی قیمت میں ممکنہ کمی اور مقامی افراط زر پر اس کے اثرات کے باعث قیمت فروخت پر مسلسل دباؤ دیکھ رہے ہیں۔ چنانچہ، پی ٹی سی مواد / مال منگوانے کے فائدہ مند / منظم طریقوں، کام کرنے کی استعداد کو بڑھانے اور برطانوی امریکی ٹو بیٹیک کمپنی کے دائرہ کار میں چلنے والی کمپنیوں میں ساز و سامان کی استعداد کے لیے اعلیٰ معیارات کے حصول کے ذریعے اخراجات میں کمی کے اقدامات کے لیے کوشاں رہنے کے مقصد پر کاربند ہے۔

پی ٹی سی کی تمام تر توجہ اپنے مختلف الانواع برانڈز کی مارکیٹنگ کی مہموں کے ذریعے اپنے برانڈ کے پورٹ فولیو کو مضبوط و مستحکم بنانے پر مرکوز ہے۔ اعلیٰ درجے میں، جان پائیر گولڈ لیف اسٹیشن کے لیے ری لاک کی خصوصیت کے ساتھ ایک جدید طرز کا پیکٹ ڈیزائن متعارف کروایا گیا۔ خواہش کیے گئے اعلیٰ درجے میں اپنے صارفین تک رسائی کے ذریعے برانڈ کی پہچان میں اضافے کے لیے کمپنی کی ہمہ جہت کوششوں سے جان پائیر بہت تیزی سے ترقی کر رہا

ہے۔ پیسے کی قدر کے ضمن میں، بینک کو مزید دیدہ زیب، جدید، بین الاقوامی اور کثیر الانواع تصویروں کے برانڈ کی سطح پر لا کر اور اس پر لندن کے رتھاس کی مہر کے ذریعے جان پائیر کو ایک نئی اور جاذب نظر خوبصورتی عطا کی گئی ہے۔

2019 میں کمپنی نے اپنے اجتماعی معاشرتی سرمایہ کاری کے ایجنڈا کو متعدد سرکردہ اقدامات، مثلاً جنگلات کاری کے فروغ، موبائل ڈاکٹر یونٹس اور پانی کے فلٹریشن پلانٹس کے ذریعے جاری رکھا۔ 2019 میں پی ٹی سی کا ”نیچ فار پاکستان“ (غیر منافع بخش کمپنی) کے ساتھ اشتراک اپنے دوسرے سال میں داخل ہو گیا۔ اس اشتراک کے ذریعے پی ٹی سی اور نیچ فار پاکستان، دونوں، پاکستان کے مستقبل کے رہنما پیدا کرنے کے لیے ایک دوسرے کے ساتھ مل کر کام کر رہے ہیں۔ مزید برآں 2019 میں پی ٹی سی اور اس کے ملازمین نے دیا میر ہمشاڈیم کے فنڈ میں 50 لاکھ روپے کا خطیر عطیہ دیا۔ پی ٹی سی نے بے گھر اور بے آسرا افراد کے لیے وزیراعظم کے پروگرام پنہا گاہ کے شیلٹر ہوم فنڈ کے لیے 2 کروڑ روپے کا بھی عزم کر رکھا ہے۔

کمپنی اپنے کاروبار کی فعالیت کی مضبوطی، صارفین کو بہترین مصنوعات کی فراہمی کے ساتھ منڈی میں کام کرنے کی استعداد اور موثریت کو بڑھا کر اپنے کھاتے داروں کی توقعات کو پورا کرنے کے عزم پر گامزن ہے۔

INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of Pakistan Tobacco Company Limited Report on review of Interim Financial Statements

Introduction

We have reviewed the accompanying condensed interim statement of financial position of Pakistan Tobacco Company Limited as at June 30, 2019 and the related condensed interim statement of profit or loss, condensed interim statement of comprehensive income, condensed interim statement of changes in equity, and condensed interim statement of cash flows, and notes to the financial statements for the six-month period then ended (here-in-after referred to as the "interim financial statements"). Management is responsible for the preparation and presentation of these interim financial statements in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on these financial statements based on our review.

Scope of Review

We conducted our review in accordance with International Standards on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditors of the Entity". A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial statements is not prepared, in all material respects, in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting.

Other matter

The figures of the condensed interim statement of comprehensive income for the three months ended 30 June 2019, have not been reviewed and we do not express a conclusion on them.

The engagement partner on the audit resulting in this independent auditors' review report is Atif Zamurrad Malik.

Notes to the Condensed Interim Financial Statements (Un-audited)

for the six months period ended June 30, 2019

1. The Company and its operations

Pakistan Tobacco Company Limited (the Company) is a public listed company incorporated in Pakistan on 18 November 1947 under the Companies Act, 1913 (now the Companies Act, 2017) and its shares are quoted on the Pakistan Stock Exchange. The Company is a subsidiary of the British American Tobacco (Investments) Limited, United Kingdom, whereas its ultimate parent company is British American Tobacco p.l.c, United Kingdom. The Company is engaged in the manufacture and sale of cigarettes.

The registered office of the Company is situated at Serena Business Complex, Khayaban-e-Suharwardy, Islamabad.

2. Statement of compliance

These condensed interim financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards as applicable in Pakistan for interim financial reporting comprise of:

- International Accounting Standards (IAS) 34, Interim Financial Reporting, issued by the International Accounting Board (IASB) as notified under the Companies Act, 2017; and
- Provisions of and directives issued under the Companies Act, 2017.

Where the provisions of and directives issued under the Companies Act, 2017 differ with the requirements of IAS 34, the provisions of and directives issued under the Companies Act, 2017 have been followed.

3. Basis of preparation

These interim financial statements should be read in conjunction with the Company's latest annual financial statements as at and for the year ended December 31, 2018 ('last annual financial statements'). This interim financial information does not include all of the information required for a complete set of financial statements prepared in accordance with the approved accounting standards as applicable in Pakistan. However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Company's financial position and performance since the last annual financial statements.

Comparative figures of condensed interim statement of financial position is extracted from annual financial statements as of December 31, 2018 whereas comparative figures of condensed interim statement of profit or loss, condensed interim statement of comprehensive income, condensed interim statement of changes in equity and condensed interim statement of cash flows are extracted from un-audited condensed interim financial statements of the Company for the half year ended June 30, 2018.

These condensed interim financial statements are un-audited and is being submitted to the members of the Company as required under Section 237 of the Companies Act 2017, and the listing regulations of the Pakistan Stock Exchange. These condensed interim financial statements have been reviewed, not audited and also include the statement of profit or loss for the quarter ended June 30, 2019 which was not subject to review.

4. Use of judgements and estimates

In preparing these interim financial statements, management has made judgements and estimates that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. Actual results may differ from these estimates.

The significant judgements made by management in applying the Company's accounting policies and the key sources of estimation uncertainty including measurement of fair values were the same as those described in the last annual financial statements.

Notes to the Condensed Interim Financial Statements (Un-audited)

for the six months period ended June 30, 2019

Measurement of fair values

When measuring the fair value of an asset or a liability, the Company uses market observable data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

5. Significant accounting policies

The accounting policies and the methods of computation adopted in the preparation of these interim financial statements are the same as those applied in the preparation of the financial statements as at and for the year ended December 31, 2018 except for the following.

- The Company has applied IFRIC 23 'Uncertainty over Income Tax Treatments' from 1 January 2019; however the adoption of this standard has no impact on the amounts reported in these interim financial statements.
- The Company has initially adopted IFRS 16 'Leases' from 1 January 2019. IFRS 16 introduced a single, on balance sheet accounting model for leases. As a result the Company, as a lessee, has recognised right-of-use assets representing its rights to use the underlying assets and lease liabilities representing its obligation to make lease payments.

The Company has applied IFRS 16 using the modified retrospective approach, under which the cumulative effect of initial application is recognised in retained earnings at 1 January 2019. Accordingly, the comparative information presented for 2018 has not been restated –i.e. it is presented as previously reported, under IAS 17 and related interpretations.

Previously, the Company determined at contract inception whether an arrangement was or contained a lease under IFRIC 4 - "Determining Whether an Arrangement contains a Lease". The Company now assesses whether a contract is, or contains a lease based on the new definition of a lease. Under IFRS 16, a contract is, or contains, a lease if the contract conveys a right to control the use of an identified asset for a period of time in exchange for consideration.

The Company used the following practical expedients when applying IFRS 16, to leases previously classified as operating leases under IAS 17:

- The use of a single discount rate to a portfolio of leases with reasonably similar characteristics.
- Applied the exemption not to recognise right-of-use assets and liabilities for leases with less than 12 months of lease term.

The impact of adoption of IFRS 16 is disclosed in note 18.

6. Standards issued but not effective

A number of new standards and amendments to standards are effective for annual periods beginning after January 01, 2019 and earlier application is permitted; however, the Company has not early adopted the new or amended standards except for IFRS 16 and IFRIC 23 in preparing these condensed interim financial statements.

Operating fixed assets having net book value of Rs. 66,266 thousand were disposed off during half year ended 30 June 2019 (half year ended 30 June 2018: Rs. 79,983 thousand). Depreciation charge for half year ended 30 June 2019 was Rs. 652,566 thousand (half year ended 30 June 2018: Rs. 461,861 thousand).

Notes to the Condensed Interim Financial Statements (Un-audited)

for the six months period ended June 30, 2019

	June 30, 2019 (Un-audited) Rs '000	December 31,2018 (Audited) Rs '000
12.2 Capital work in progress		
Balance as at the beginning of the period	960,551	168,450
Additions during the half year/year	399,097	962,382
	1,359,648	1,130,832
Transferred to operating fixed assets	(529,212)	(170,281)
Carrying amount as at end of the period	830,436	960,551

13. Long term investment in subsidiary company

This represents 500,001 (December 31, 2018: 500,001) fully paid ordinary shares of Rs.10 each in Phoenix (Private) Limited, a wholly owned subsidiary of the Company which has not yet commenced commercial production. The break up value of shares calculated by reference to net assets worked out to be Rs.10 per share based on financial statements for the half year ended June 30, 2019.

14. Loans and advances

These include non-interest bearing advances to employees of Rs. 45,571 thousand (December 31, 2018: Rs. 37,228 thousand).

15. Other receivables

These include following balances due from related parties:

	Note	June 30, 2019 (Un-audited) Rs '000	December 31,2018 (Audited) Rs '000
Holding company / associated companies		156,423	169,006
Subsidiary company		20,021	20,021
Employees retirement benefit plans		1,003,673	790,782
16. Cash and bank balances			
Cash at banks			
- deposit accounts		9,075	8,863
- current accounts	16.1	215,242	279,297
		224,317	288,160
Cash in hand		1,939	5,005
		226,256	293,165

16.1 These include balances of Rs. 146,777 thousand (December 31, 2018: Rs. 122,175 thousand) held in foreign currency accounts.

Notes to the Condensed Interim Financial Statements (Un-audited)

for the six months period ended June 30, 2019

17. Share capital

Authorised share capital of the Company is Rs. 3,000,000 thousand (December 31, 2018: Rs. 3,000,000 thousand) divided into 300,000,000 ordinary shares of Rs. 10 each. Issued, subscribed and paid up capital of the Company is Rs. 2,554,938 thousand (December 31, 2018: Rs. 2,554,938 thousand) divided into 255,493,792 ordinary shares of Rs. 10 each.

18. Lease liability

This represents finance lease agreements entered into with a leasing company for vehicles. Total lease rentals due under various lease agreements aggregate to Rs 411,110 - short term Rs 131,466 thousand and long term Rs 279,644 thousand (December 31, 2018: Rs 433,090 thousand - short term Rs 148,245 thousand and long term Rs 284,845 thousand) and are payable in equal monthly instalments latest by December 2023. Taxes, repairs, replacement and insurance costs are to be borne by the Company. Financing rates of 12.35% to 14.53% (December 31, 2018: 7.85% to 13.14%) per annum have been used as discounting factor.

As per IFRS 16 all rental facilities of the Company with lease terms greater than one year have been reclassified from operating leases to finance leased assets. When measuring the lease liabilities for leases that were classified as operating leases, the Company discounted lease payments using an estimated incremental borrowing rate at January 01, 2019. The estimated incremental borrowing rate applied is 10%. At the date of initial application right of use of asset amounting to Rs. 1,448,717 thousand was recognised in property, plant and equipment (Note 12.1) and lease obligation of Rs. 1,243,268 thousand was recognised after adjustment of prepaid rent amounting to Rs. 205,449 thousand.

Closing balance includes lease obligation of Rs 1,191,251 thousand - short term Rs 266,015 thousand and long term Rs 925,236 thousand (December 31, 2018: Rs Nil) on account of change in accounting policy IFRS 16.

19. Short term running finance-secured

Short term running finance facilities available under mark-up arrangements with banks amount to Rs. 6,500 million (December 31, 2018: Rs.6,500 million), out of which the amount un-availed at the reporting date was Rs. 6,006 million (December 31, 2018: Rs.6,424 million). These facilities are secured by hypothecation of stock in trade and plant & machinery amounting to Rs.7,222 million (December 31, 2018: Rs.7,222 million). The mark-up ranges between 10.52% and 12.99% (2018: 6.40% and 10.50%) per annum and is payable quarterly. The facilities are renewable on annual basis.

20. Trade and other payables

20.1 These include following balances due to related parties:

	June 30, 2019 (Un-audited) Rs '000	December 31, 2018 (Audited) Rs '000
Holding company / associated companies	2,156,715	2,108,134
Employees retirement benefit plans	210,278	210,402

20.2 These also include 'contract liabilities' representing advances from customers amounting to Rs. 9,327 thousand (December 31, 2018: Rs. 2,013 thousand).

Notes to the Consolidated Condensed Interim Financial Statements (Un-audited)

for the six months period ended June 30, 2019

1. The Company and its operations

Pakistan Tobacco Company Limited (the Company) is a public listed company incorporated in Pakistan on 18 November 1947 under the Companies Act, 1913 (now the Companies Act, 2017) and its shares are quoted on the Pakistan Stock Exchange. The Company is a subsidiary of the British American Tobacco (Investments) Limited, United Kingdom, whereas its ultimate parent company is British American Tobacco p.l.c, United Kingdom. The Company is engaged in the manufacture and sale of cigarettes.

The registered office of the Company is situated at Serena Business Complex, Khayaban-e-Suharwardy, Islamabad.

Phoenix (Private) Limited (PPL) is a private limited company incorporated on March 9, 1992 in Azad Jammu and Kashmir under the Companies Ordinance, 1984. The registered office of PPL is situated at Bun Khurma, Chichian Road, Mirpur, Azad Jamu and Kashmir. The object for which the PPL has been incorporated is to operate and manage an industrial undertaking in Azad Jammu and Kashmir to deal in Tobacco products. PPL is dormant and has not commenced its commercial operations.

For the purpose of these consolidated financial statements, the Company and its wholly owned subsidiary PPL is referred to as the Group.

2. Statement of compliance

These consolidated condensed interim financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards as applicable in Pakistan for interim financial reporting comprise of:

- International Accounting Standards (IAS) 34, Interim Financial Reporting, issued by the International Accounting Board (IASB) as notified under the Companies Act, 2017; and
- Provisions of and directives issued under the Companies Act, 2017.

Where the provisions of and directives issued under the Companies Act, 2017 differ with the requirements of IAS 34, the provisions of and directives issued under the Companies Act, 2017 have been followed.

3. Basis of preparation

These interim financial statements should be read in conjunction with the Group's latest annual financial statements as at and for the year ended December 31, 2018 ('last annual financial statements'). This interim financial information does not include all of the information required for a complete set of financial statements prepared in accordance with the approved accounting standards as applicable in Pakistan. However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Company's financial position and performance since the last annual financial statements.

Comparative figures of consolidated condensed interim statement of financial position is extracted from annual financial statements as of December 31, 2018 whereas comparative figures of consolidated condensed interim statement of profit or loss, consolidated condensed interim statement of comprehensive income, consolidated condensed interim statement of changes in equity and consolidated condensed interim statement of cash flows are extracted from un-audited consolidated condensed interim financial statements of the Group for the half year ended June 30, 2018.

These consolidated condensed interim financial statements are un-audited and is being submitted to the members of the Company as required under Section 237 of the Companies Act 2017, and the listing regulations of the Pakistan Stock Exchange. These condensed interim financial statements have been reviewed, not audited and also include the statement of profit or loss for the quarter ended June 30, 2019 which was not subject to review.

Notes to the Consolidated Condensed Interim Financial Statements (Un-audited)

for the six months period ended June 30, 2019

4. Use of judgements and estimates

In preparing these interim financial statements, management has made judgements and estimates that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. Actual results may differ from these estimates.

The significant judgements made by management in applying the Company's accounting policies and the key sources of estimation uncertainty including measurement of fair values were the same as those described in the last annual financial statements.

Measurement of fair values

When measuring the fair value of an asset or a liability, the Company uses market observable data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

5. Significant accounting policies

The accounting policies and the methods of computation adopted in the preparation of these interim financial statements are the same as those applied in the preparation of the financial statements as at and for the year ended December 31, 2018 except for the following.

- The Company has applied IFRIC 23 'Uncertainty over Income Tax Treatments' from 1 January 2019; however the adoption of this standard has no impact on the amounts reported in these interim financial statements.
- The Company has initially adopted IFRS 16 'Leases' from 1 January 2019. IFRS 16 introduced a single, on balance sheet accounting model for leases. As a result the Company, as a lessee, has recognised right-of-use assets representing its rights to use the underlying assets and lease liabilities representing its obligation to make lease payments.

The Company has applied IFRS 16 using the modified retrospective approach, under which the cumulative effect of initial application is recognised in retained earnings at 1 January 2019. Accordingly, the comparative information presented for 2018 has not been restated –i.e. it is presented as previously reported, under IAS 17 and related interpretations.

Previously, the Company determined at contract inception whether an arrangement was or contained a lease under IFRIC 4 - "Determining Whether an Arrangement contains a Lease". The Company now assesses whether a contract is, or contains a lease based on the new definition of a lease. Under IFRS 16, a contract is, or contains, a lease if the contract conveys a right to control the use of an identified asset for a period of time in exchange for consideration.

The Company used the following practical expedients when applying IFRS 16, to leases previously classified as operating leases under IAS 17:

- The use of a single discount rate to a portfolio of leases with reasonably similar characteristics.
- Applied the exemption not to recognise right-of-use assets and liabilities for leases with less than 12 months of lease term.

The impact of adoption of IFRS 16 is disclosed in note 18.

6. Standards issued but not effective

A number of new standards and amendments to standards are effective for annual periods beginning after January 01, 2019 and earlier application is permitted; however, the Company has not early adopted the new or amended standards except for IFRS 16 and IFRIC 23 in preparing these condensed interim financial statements.

		226,256	293,165

15.1 These include balances of Rs. 146,777 thousand (December 31, 2018: Rs. 122,175 thousand) held in foreign currency accounts.

Notes to the Consolidated Condensed Interim Financial Statements (Un-audited)

for the six months period ended June 30, 2019

16. Share capital

Authorised share capital of the Company is Rs. 3,000,000 thousand (December 31, 2018: Rs. 3,000,000 thousand) divided into 300,000,000 ordinary shares of Rs. 10 each. Issued, subscribed and paid up capital of the Company is Rs. 2,554,938 thousand (December 31, 2018: Rs. 2,554,938 thousand) divided into 255,493,792 ordinary shares of Rs. 10 each.

17. Lease liability

This represents finance lease agreements entered into with a leasing company for vehicles. Total lease rentals due under various lease agreements aggregate to Rs 411,110 - short term Rs 131,466 thousand and long term Rs 279,644 thousand (December 31, 2018: Rs 433,090 thousand - short term Rs 148,245 thousand and long term Rs 284,845 thousand) and are payable in equal monthly instalments latest by December 2023. Taxes, repairs, replacement and insurance costs are to be borne by the Company. Financing rates of 12.35% to 14.53% (December 31, 2018: 7.85% to 13.14%) per annum have been used as discounting factor.

As per IFRS 16 all rental facilities of the Company with lease terms greater than one year have been reclassified from operating leases to finance leased assets. When measuring the lease liabilities for leases that were classified as operating leases, the Company discounted lease payments using an estimated incremental borrowing rate at January 01, 2019. The estimated incremental borrowing rate applied is 10%. At the date of initial application right of use of asset amounting to Rs. 1,448,717 thousand was recognised in property, plant and equipment (Note 12.1) and lease obligation of Rs. 1,243,268 thousand was recognised after adjustment of prepaid rent amounting to Rs. 205,449 thousand.

Closing balance includes lease obligation of Rs 1,191,251 thousand - short term Rs 266,015 thousand and long term Rs 925,236 thousand (December 31, 2018: Rs Nil) on account of change in accounting policy IFRS 16.

18. Short term running finance-secured

Short term running finance facilities available under mark-up arrangements with banks amount to Rs. 6,500 million (December 31, 2018: Rs.6,500 million), out of which the amount un-availed at the reporting date was Rs. 6,006 million (December 31, 2018: Rs.6,424 million). These facilities are secured by hypothecation of stock in trade and plant & machinery amounting to Rs.7,222 million (December 31, 2018: Rs.7,222 million). The mark-up ranges between 10.52% and 12.99% (2018: 6.40% and 10.50%) per annum and is payable quarterly. The facilities are renewable on annual basis.

19. Trade and other payables

19.1 These include following balances due to related parties:

	June 30, 2019 (Un-audited) Rs '000	December 31, 2018 (Audited) Rs '000

Changes in long term deposits and prepayments	2,051	(1,687)
	4,521,894	3,491,570

Notes to the Consolidated Condensed Interim Financial Statements (Un-audited) for the six months period ended June 30, 2019

22. Financial instruments

22.1 Carrying amounts and fair values

The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy for financial instruments measured at fair value. It does not include fair value information for financial assets and financial liabilities not measured at fair value if the carrying amount is a reasonable approximation of fair value.

	June 30, 2019 (Un-audited)		December 31, 2018 (Audited)	
	Fair value through profit or loss	Amortized cost	Fair value through profit or loss	Amortized cost
		Rs '000		Rs '000
Financial assets measured at fair value				
Short-term investment	4,604,129	-	4,604,129	-
Financial assets not measured at fair value				
Deposits	-	24,061	24,061	-
Trade debts	-	1,563	1,563	-
Other receivables	-	2,055,532	2,055,532	-
Cash and bank balances	-	226,256	226,256	-
	4,604,129	2,307,412	6,911,541	-
Financial liabilities not measured at fair value				
Finance lease obligation	-	(1,602,361)	(1,602,361)	-
Accrued interest / mark-up	-	(1,984)	(1,984)	-
Short term running finance	-	(493,516)	(493,516)	-
Trade and other payables	-	(7,354,986)	(7,354,986)	-
	-	(9,452,847)	(9,452,847)	-

The Company has not disclosed the fair values of financial assets and financial liabilities as these are for short-term or reprice over short-term. Therefore, the carrying amounts are reasonable approximation of their values. There have been no change

22.2 Financial risk management

The Company's financial risk management objective and policies are consistent with that disclosed in the financial statements for the year ended December 31, 2018.

Notes to the Consolidated Condensed Interim Financial Statements (Un-audited)

for the six months period ended June 30, 2019

23. Related parties

British American Tobacco (Investments) Limited (BAT-IL) holds 94.34% (December 31, 2018: 94.34%) shares of the Company. Therefore, all the subsidiaries and associated undertakings of BAT-IL and the ultimate parent company British American Tobacco, p.l.c (BAT) are related parties of the Company.
